

Fast Track Apprenticeship Program

Want to learn a valuable trade while getting paid? Lake Air offers apprenticeship programs that will put you on the fast track to a great career, earning upwards of \$18-\$30 per hour.

Once completed, you will be fully qualified in one of the following fields of study:

- Welding
- Spot Welding
- Tool Making
- Tool Design
- Machining
- Press Brake Operator
- Punch Press Operator
- Quality Technician

Apprenticeship Program Details

The apprenticeship program combines classroom, self-study, and on the job training with a specific number of hours for completion.

There are six phases to all apprenticeship programs. The goal of each phase is to gain the knowledge, skills, and experience you'll need through step-by-step training and testing.

Before moving on to the next phase, we will ensure that all required disciplines are being met.

Candidate Requirements Include:

- A high School Diploma or GED
- An aptitude in mathematics, mechanics, and technology
- A solid performance and attendance record
- A strong desire to grow and learn
